Accommodations:

You will be staying in a church or a school classroom, sleeping on the floor on an air mattress or cot. All meals are provided.

Our Partners: Local churches and World Changers

World Changers is a hands-on mission experience, engaging students in meeting the needs of people in communities across North America. Students are able to put their faith into action by serving others and sharing the gospel.

Our construction projects are mission trips designed specifically for student ministries eager to serve in the capacity of construction missions. World Changers partners with local city agencies and churches to mobilize volunteers needed to help them serve local residents. Participants spend a week serving on crews with students and adults from other churches—completing assignments ranging from painting and roofing to building handicap ramps—all to improve the quality of life for local residents. The goal of serving extends far beyond meeting physical needs. Students are trained through both the Pre-Project Study and Gospel Engagement on how to share the gospel. The nightly gathering is a time set aside for worship and teaching from World Changers staff.
